- ☐ The recipient would welcome this passage and the proposed finished size.
- ☐ I have checked the exact product license and printing permissions.
- ☐ I will give a finished personal print, not the purchased file or download link.
- ☐ I have inspected the final crop and reference before wrapping the gift.

TLJ sells digital artwork. Printing, frames, customization, and a gift-transfer service are not included unless the exact listing expressly says so. Confirm a printer's actual delivery estimate before promising a date.
